# SHIN YANG SHIPPING CORPORATION BERHAD GROUP

# **OUR VISION**

One-stop Quality Shipping, Logistics Services Provider and Marine Engineering in South East Asia and Beyond.

And

To be the Premier Shipbuilder & Integrated Marine Structural Fabricators

# **OUR CORPORATE MISSION**

To operate in a Modern Integrated shipping and shipbuilding benchmarking in providing Comprehensive, Innovative and efficient Quality services.

Adaptability to changes, and retain sustainable success and steadfast in Health, Safety, Environment and Quality Value.

Committed to achieving Quality Assurance and Management through quality planning, improvement and control.

Full concern for preserving the Environment, Health and Safety of employees, neighbouring communities and our valued customers.

Our business is focused on shipping and shipbuilding, which represent our main core revenue streams. Our two core businesses are synergistic as we construct the vessels and also used them in our shipping operations. In supporting our core business areas, we also undertake shipping agency & forwarding services, door to door shipments, third party logistics transportation solutions, ship repairs, modifications and maintenance works.

We are one of the few large shipping and shipbuilding operators that construct our own vessels. Being an integrated shipping and shipbuilding operator provides us with the competitive advantage to react quickly to favourable market conditions and to quickly undertake modification of existing vessels to meet new business opportunities and reinforce our fleet robustness for our shipping operation requirements.

Our shipping operations cover both Malaysian and International waters; ranging from South East Asia, East Asia and the Far East region. Currently, we are supported by our own fleet of 225 vessels with a total Gross Registered Tonnage (GRT) of approximately 349,000 Tonnage.

Our shipbuilding facilities are supported by three shipbuilding yards located in Kuala Baram, Miri and one in Bintulu, Sarawak with a total land area of approximately 280 acres and an annual capacity to construct 40 vessels based on a hundred meter length vessel. In addition, we also have one shipbuilding yard in Tanjung Manis, Sarawak for future business expansion with a total land area of approximately 214 acres.

Our transport and logistics operations are supported by its current fleet of 249 prime movers with attached 626 trailers, 138 dump & cargo trucks and 26 diesel & crude palm oil tankers for the transportation of a wide variety of goods from source to destination within East Malaysia.

# **CHAIRMAN'S STATEMENT**

# "

On behalf of the Board of Directors of Shin Yang Shipping Corporation Berhad ("The Board"), it is my privilege to present to you the Annual Report and Audited Financial Statements of Shin Yang Shipping Corporation Berhad Group ("the Group") for the financial year ended 30 June 2022.

REVIEW OF RESULT PERFORMANCE

We registered an improved revenue and profit after tax for financial year ended 30 June 2022 (FYE2022). In the FYE2022, the Group's net profit jumped to RM142.8million from RM17.7 million in the preceding year, an increase of 707% with RM125.1million, as revenue climbed to RM893.5million from RM601.5million, up by 49% with RM292.0 million. This resulted from a combination of factors, coupled with a high utilisation of shipping spaces for the container vessels and bulk carriers as well as the sale of newly built vessels.

The shipbuilding sector delivered an 80 metre landing craft with a contract value of USD25 million, to a United Arab Emirates' client in FYE2022.

During the year, the group had maintained its vessel fleet of 225 vessels with Gross Registered Tonnage (GRT) of approximately 349,000 tonnages compared to 229 vessels with approximate GRT of 357,100 tonnages in year 2021.

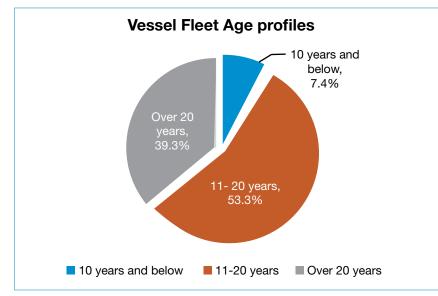

We analysed that domestic and coastal shipping were the major growth contributors covering the local demand from both the infrastructure and resource-based sectors. Furthermore, shipbuilding sector also showed signs of stable recovery path from the operating expenditures by the oil and gas industry players, coupled with the stable crude oil prices and effects of vaccination from the outbreak of Covid-19 pandemic in the country and globally. The order books for ship repair and docking effect maintenance has shown a gradual recovery with a few new vessels were being ordered. In order to sustain in the maritime industry, it must be able to stand firm, consolidate its business activities and fulfil its commitments and responsibilities to the stakeholders.

"

With the continuous improvement in terms of fleet efficiency, routes enhancement and plying speed of our vessel fleets, the Group is expected to increase its containers shipping by establishing strategic alliance with business partners to provide efficient and effective port services while the partners will aim to achieve economies of scale to increase shipping service frequency routes from our existing fourteen (14) units of container vessels. The shipment of liquid bulk from the tankers have also shown its earnings stability.

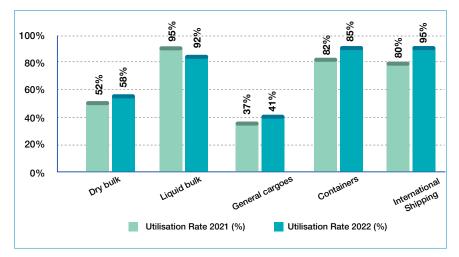

# **CHAIRMAN'S STATEMENT**

(Cont'd)

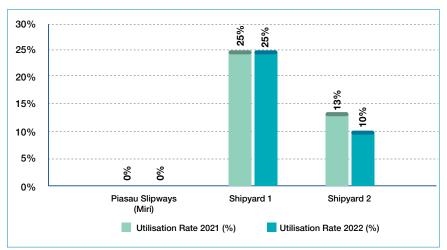

# The vessel fleet age profiles of the Group as follows:

### Shipping Operation Utilisation Rates (%):

# Shipbuilding Operation Utilisation Rates (%):

### DIVIDEND

The Board is mindful of the continuous support and loyalty of its shareholders, the Board proposes a final Single-tier tax exempt dividend of 1.25 sen per ordinary share. The said proposed final dividend will be subjected to the shareholders' approval in the forthcoming Annual General Meeting.

### **REVIEW OF OPERATIONS**

For the year under review, we have shipped 0.664 million cubic metres of timber products, an increase of 12.9% from 0.588 million cubic metres in FYE2021 from our six (6) units of Twin Decker cargo vessels to the Far East regions.

Our container vessels had transported 212,500 TEUs lifting capacity for the FYE2022 (FYE2021: 211,570 TEUs). The group currently operates a fleet of 14 container ships, plying between Sarawak and Singapore, serving ports between Peninsular Malaysia, Sarawak and Sabah.

For the shipbuilding sector, we had successfully completed and delivered four (4) vessels to the ship owners with total contract sum of RM136.9 million. The largest vessel among the four delivered in FYE2022 was an 80 metre landing craft built for a contract value of USD25 million to a United Arab Emirates' client in the 4th quarter of FYE2022.

# **CORPORATE DEVELOPMENT**

The Group had acquired the entire equity interest in Kuching Barrage Management Sdn Bhd ("KBMSB") and 50.50% of the equity interest in Melinau Container Services Sdn Bhd ("MCSSB") during the financial year. In July 2022, the Group also acquired another wholly owned subsidiary, Piasau Gas Sdn Bhd ("PGSB"). With the anticipation of the corporate growth in the business network and potential external customer base, the Board believes that these acquisitions represent a good opportunity to further strengthen the future earning of the Group. Further details of the acquisition are outlined in the Management's Discussion and Analysis on page 15.

# **CHAIRMAN'S STATEMENT** (Cont'd)

# **CORPORATE SOCIAL** RESPONSIBILITY

The Group has always been mindful of its Corporate Social Responsibility ('CSR") towards the community, its shareholders and its employees. Our community activities focus mainly on improving the living standard of local communities and promoting education among the younger generation especially in the maritime sector.

In the area of promoting education, the Group has completed the sponsorship of thirty five (35) students cumulatively for a three year academic education in Maritime Cadetship programme for Diploma in Nautical Studies and Diploma in Marine Engineering at the Sarawak Maritime Academy School in Sarawak. Out of the total students sponsored, some of the student graduates have been in our employment on our ocean going vessels and our shipyards.

# **CORPORATE GOVERNANCE**

The Group believes in the maintenance of the highest standards of corporate governance practice within the group as a fundamental part of discharging our responsibility to protect and maximize shareholder values and in enhancing the continued business prosperity of the Group. The steps implemented have been reported in the Corporate Governance Overview Statement on page 39 to 51.

# PROSPECT

We continue to equip building a greater resilience in our business portfolio to cushion the disruptive impact brought by the COVID-19 pandemic as well as the recovery of shipbuilding and ship repairing orders. Our strength on the balanced consolidation of our business activities would continue to guide us to revenue earning and business achievements.

The continuous infrastructure development which is prioritised by Sarawak State Government creates numerous supporting spin-off shipping business activities including the requirement for shipping and third party logistics for the resource based projects.

In the shipbuilding sector, the emphasis is on taking aggressive steps to build valued new vessel and to strengthen our floating dock facility, which would enable us to carry out improved vessel maintenance works and also effectively carry out docking essential defect works to meet the niche requirement markets.

The challenge for the Group is to further improve its efficiency and productivity in the fleet efficiency, shipbuilding & ship repair activities and third party logistic activities. The Group shall continue to work on achieving and realising the full use of its resources. Barring any unforeseen developments, the Board remain positive but cautious that the Group will continue to sustain their resilient performances in FYE2023.

### **APPRECIATIONS**

It is my great pleasure, on behalf of the Board, to extend our sincere gratitude and appreciation to our employees, customers, business associates, and other stakeholders for their continued support and confidence in the Group.

Tan Sri Datuk Ling Chiong Ho Group Executive Chairman

The Purpose of this review is to highlight and provide further details on the financial and operating information of the Group.

### 1. Overview of Group's Business and Operations:-

The Group's core businesses are shipping, shipbuilding, ship repair as well as shipping and forwarding agency. Shipping sector is further classified as dry bulk, liquid bulk, containers and coastal shipping, barges and tug, international shipping and logistic segments of door-to-door services. Our shipping operations cover both Malaysian and International waters; ranging from South East Asia, East Asia and the Far East regions. Currently, we are supported by our own fleet of 225 vessels with Gross Registered Tonnage (GRT) of approximately 349,000 tonnages.

The ship repair sector was taking aggressive steps to move towards high quality repair works such as docking essential defect works with our floating dock facilities to meet the niche markets. Our shipbuilding facilities are supported by three shipbuilding yards located in Kuala Baram, Miri and one in Bintulu, Sarawak with a total land area of approximately 280 acres.

### 2. Corporate Development

# Acquisition of 100% equity interest in Kuching Barrage Management Sdn Bhd.

On 22 February 2022, the Company entered into a conditional share sale and purchase agreement to acquire 500,000 ordinary shares in Kuching Barrage Management Sdn Bhd ("KBMSB"), representing the entire issued share capital of KBMSB ("Acquisition").

Upon completion on 6 May 2022, KBMSB has become the wholly owned subsidiary of the Company.

The acquisition enables the Group to:

- (i) raise the Group's profile as the sole operator of the Kuching barrage and shiplock, the first of its kind of barrages and shiplocks in Southeast Asia;
- (ii) to consolidate the marine related businesses under the Group; and
- (iii) strengthen its metal fabrication services as all repair and maintenance of the barrage and shiplock system have been and will continue to be handled by the Group's metal fabrication sector including new installation and replacement of barrage and shiplock systems.

### Acquisition of 50.5% equity interest in Melinau Container Services Sdn Bhd.

On 22 February 2022, the Company entered into a conditional share sale and purchase agreement to acquire 252,500 ordinary shares in Melinau Container Services Sdn. Bhd ("MCSSB"), representing 50.50% equity interest in MCSSB and all of the 8,800,000 redeemable preference shares.

Upon completion on 27 May 2022, MCSSB has become the subsidiary of the Company.

The acquisition enables the Group to:

- (i) reduce outsourcing costs on land transport for inbound and outbound cargoes to and from Kota Kinabalu and Kuching, where MCSSB primarily operates in;
- (ii) leverage on MCSSB's network and client base to cross-sell the Group's other shipping services such as transportation, door-to-door services, custom clearing, import and export documentation and port related services under a unified "SYSCORP" brand; and
- (iii) strengthen its shipping offerings by reducing the reliance on external land transport service provider and has better control over delivery routes as well as the reliability, timing and manner of cargoes delivery to hinterland destinations, particularly in the course of servicing and tendering for multinational contracts involving the provision of logistic services.

# 2. Corporate Development (continued)

### Acquisition of 100% equity interest in Piasau Gas Sdn Bhd.

On 25 March 2022, the Company entered into a conditional share sale and purchase agreement to acquire 2,500,000 ordinary shares in Piasau Gas Sdn. Bhd ("PGSB"), representing 100% equity interest in PGSB.

The acquisition was completed on 6 July 2022. PGSB is now the subsidiary of the Company.

The acquisition enables the Group to:

- vertically integrate the production of industrial gases into the Group's existing business in shipbuilding and ship repair. The enlarged Group is expected to benefit from among others, the consolidation of earnings of PGSB, ability to better control its supply of liquified nitrogen and oxygen, as well as reduced cost of purchases of liquified nitrogen and oxygen;
- (ii) leverage on PGSB's networks and clients base to cross-sell the Group's other shipping services such as transportation, door-to-door services, custom clearing, import and export documentation and port related services under a unified "SYSCORP" franchise;
- expand PGSB's liquefied oxygen & nitrogen and Petronas LPG products the clientele of the Group both locally and globally especially related to shipbuilding business; and

# (iv) Dividend

In respect of FYE2022, the Board proposes the payment of a final single-tier dividend of 1.25 sen per share. This gives a dividend yield of 3.0% based on the Company's closing share price of RM0.41 as at 30 June 2022. The proposed final single-tier dividend is subject to the Company's shareholders' approval at the upcoming 17th Annual General Meeting. Our goal remains to deliver a long-term sustainable dividend trend to reward our supportive shareholders.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (Cont'd)

### 4. **Review of Operation:**

### (i) **Shipping Operation**

Dry Bulk a)

> The Group's vessels transport dry bulk such as timber products, quarry, aggregate, sands, equipment & machinery and many more plying Miri, Bintulu, Sibu, Kuching, Kota Kinabalu, Sandakan, Port Klang, Brunei, Singapore, Thailand and Indonesia on a regular basis.

> The Group have sufficient vessels for voyage and time charter. Our current major charterers are from oil and gas, timber down stream, oil palm industries and other resource based industries The Group is actively participating in sand extraction and reclamation of land with its fleet of tugs and barges and managing total logistic service providers.

b) Liquid Bulk

> The demand for liquid shipment for East Asia regions is stable and seasonal with freight rates ranging from USD25 to USD40 per metric ton.

> The Group has signed an on-going two year contract of affreightment to ship methanol products from Labuan via vessel with parcel size below 1,500MT with Petronas Chemical Marketing (Labuan) LTD.

c) Containers and coastal

> The Group is expected to improve its containers shipping by establishing strategic alliance with business partners to provide efficient and effective port services while the partners will aim to achieve economies of scale to increase shipping service frequency routes from our existing fourteen (14) units of container vessels.

> The Group has two (2) units of container vessels with carrying capacities of 800-1,000 TEU per trip plying between Sarawak and Singapore to strengthen the container shipping activities. The other container vessels serve ports between Peninsular Malaysia, Sarawak and Sabah. The Group planned to convert three tug-and-barges to transport containers for shorter routes to ensure that there is no shortage of shipping spaces. The Group has leased out two container vessels for container shipment between Hong Kong and China.

### d) International Shipping

Our seven (7) (including one (1) sold during the year) double decker cargo vessels consistently ply routes to the far east regions and have shipped 0.664 million cubic meters of cargo with freight rates of USD40 -USD 62 per cubic meter. For the returning inbound routes, they were mainly on time charter for shipments of general cargo from far east regions to the Philippines and other Asean countries, enroute to home region.

With the foreseen stable demand toward the international shipping due to supply uncertainty in term of freight rates and utilisation, our emphasis is on time charter of vessels for international shipping.

### (ii) Shipbuilding Operation

There are signs of recovery in shipbuilding due to capital expenditures by the oil and gas industry players. During the year, we constructed and delivered four (4) vessels. One of the four delivered vessels was an 80-metre landing craft constructed for a United Arab Emirates' client. In the coming year, the Group foresee shipbuilding orders from Far West & Middle East regions and domestic demands.

### (iii) Ship Repair and fabrication

The ship repair sector satisfactorily repaired a total of 518 units (FYE 2021: 934) of vessels including minor and major repairs. Our 160 meter length and 80 meter length floating docks enable us to effectively carry out improved vessel repair and maintenance works.

### 5. Outlook and Prospects:

The performance of the Group is largely dependent on the volatility of world fuel market price, standard of skills and experiences of ship crews, domestic and regional demand for transportation of dry bulk and general cargoes, movement of the Malaysian Ringgit and the world economic situation, all of which may significantly disrupt business operations.

The prospects for the shipping industry continue to remain challenging, with the recent hike in crude oil price and improvement in the Baltic Dry Index. The Group is prepared to weather this challenge with the selective market driven routes based on fleet load utilization. The Group is confident in the stability of the domestic, coastal and container shipping operations given the stable container volume after the lifting of movement control order restrictions as Malaysia enters the transition to endemic phase. The continuous improvement in operational costs management, fleet efficiency and routes enhancement would be an important priority in the next few quarters.

Other factors contributing to the prospects of the shipbuilding and ship repair operations include the price movements of marine mild steel plates, other heavy equipment, machineries and the global trend of demand for newly constructed vessels especially from the niche market segments in the oil and gas industry. In order to improve the performance and manage the operating expenditures, the Group is taking initiatives such as focusing on improving the ship repair operations to meet the requirements of the niche market segments in the oil and gas industry and also the requirements of other potential markets from the resource-based sectors.

The Group remains prudent to further improve its efficiency and productivity in both the fleets efficiency and shipbuilding activities and cost control, coupled with the expected sustainable fleet utilisation, the performance of the Group is expected to be satisfactory.

# 1. Sustainability Governance (continued)

# (iii) Corporate Governance and Ethics

The Group recognises good corporate governance is more than just complying with existing standards and regulations. It is also about ethics, trust and values which shape the Group's business conduct. This enhances stakeholders' confidence and sets the standard of the conducts for the Group.

# (iv) Code of Ethics and Conduct

The Group has an established Business Ethics and Code of Conduct that describe the expected action and behaviour from the employees and business associates. The business conduct emphasis legal, equitable and unbiased standard in relation to conflict of interest, entertainment and gifts, missuse of position, insider trading and misconduct. The employees of the Group are required to retain the highest standard of ethics and professional conduct during their employment with the Group.

# (v) <u>Whistleblowing policy</u>

This Policy was established in September 2013 and revised in May 2021 and aim to provide a structured mechanism for employees and other stakeholders to raise genuine and legitimate concerns on any suspected or wrongful activities or wrongdoings. The Group want to embed a culture across the Group where wrongdoing is not tolerated and when reported, will be quickly and efficaciously addressed. The Group also commit to provide protection for those who make such disclosures.

In FYE2022, no reports of whistleblowing were received.

# (vi) Anti-Bribery and Anti-Corruption Policy ("ABC Policy")

As part of its commitment to ethical business practices, the Group had implemented an Anti- Bribery and Anti-Corruption Policy ("ABC Policy"), which in the Group adopts a zero-tolerance policy against all forms of bribery and corruption. The ABC Policy ensures that the directors, employees and business associates of the Group are committed to comply with the Malaysian Anti-Corruption Commission Act 2009 and the Malaysian Anti-Corruption Commission Act (Amendment) 2018 (collectively referred as the "MACC Act") and other applicable anti-bribery and anti-corruption laws.

In FYE2022, no reports of bribery or corruption were received.

(vii) Directors' Fit and Proper Policy

In compliance with the relevant provisions of the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Malaysia") and the Malaysian Code on Corporate Governance 2021 ("MCCG"), the Group had implemented the Directors' Fit and Proper Policy in July 2022 to achieve a Board composition with appropriate balance, diversity and mix of skills, business experience, background, industry and geographic knowledge, professional qualifications and other relevant qualities.

# 3. Materiality

In year 2022, a materiality analysis exercise was conducted by taking into consideration the view and responses from all the Group's stakeholders on significant environmental, economic and social aspects, impacts, risks and opportunities which are crucial for the success and continued growth of the Group.

The feedback from the stakeholders for the above mentioned exercised is analyzed and assessed. Ten (10) key material matters were identified as being of high concern to stakeholders and of high significance for the Group.

These 10 key material matters are categorised into three (3) main capitals as follow:-

(Cont'd)

### 4. Material sustainability matters: Economic

### 4.1 Business Performance

Economic sustainability is the ability of the Group to continue operating at an effective and sustainable economic level over a longer term. The Group is committed in increasing sustainable and responsible corporate performance, creating the conditions for development that ensures the needs and expectations of all stakeholders are met

Despite sporadic disruptions to the global economy resulting from the Covid-19 pandemic and geopolitical uncertainties, we are delighted to announce that we have achieved a financial improvement with a 49% revenue growth in FYE 2022 as compared to FYE 2021. The table below shows the growth of the Group's overall financial performance in comparison to the last financial year:-

|                            | FYE 30 June 2022 | FYE 30 June 2021 |
|----------------------------|------------------|------------------|
| Revenue (RM'000)           | 893,458          | 601,521          |
| Profit before tax (RM'000) | 151,108          | 21,324           |
| Earnings per share (sen)   | 12.24            | 1.46             |

For further information, please refer to Management Discussion and Analysis section of this Annual Report.

The Board continues to support the management through looking into business opportunities to ensure business continuity. During the year, the Group has acquired:-

- a) A wholly owned subsidiary, Kuching Barrage Management Sdn Bhd ("KBMSB") which operations and maintenance of a barrage and shiplock located in Muara Tebas Land District, Kuching Sarawak, owned by Government of Sarawak and regulated by Lembaga Sungai-Sungai Sarawak (LSSS).
- b) a 50.50% owned subsidiary, Melinau Container Services Sdn Bhd ("MCSSB") involved in road freight carriage and its core business activity is in cargo container transportation primarily servicing major ports in Sarawak and Sabah, namely Miri, Bintulu, Sibu, Kuching and Kota Kinabalu.

The acquisition is expected to generate the future earnings of the shipping segment of the group.

### 4.1.1 Indirect Economic impact

The Group has provided employment opportunities for those from local communities, local universities and educational institutions. The priority placed on local hiring has helped boost the economic value and livelihood of these communities.

Furthermore, the Group supports local suppliers through purchasing mostly from the local suppliers. This contributing to the economic wellbeing and inward cash flow of local industries.

# 4.1.2 Procurement practices

Project sub-contractors are selected via tender and selection process. The Group has in place formalised standard operating procedures for tender processes, priorities for local business wherever appropriate etc satisfactory quality of goods and services and competitive prices. A tender committee was set up to govern the evaluation and selection of sub-contractors, incorporating a combination of technical, financial and pricing criteria.

### 4.1.3 <u>Anti – corruption</u>

The Group's Code of Conduct, contains detailed procedures on dealing with improper solicitation, bribery and corruption. The consequences of breaching the Code of Conduct are clearly set out and subjected to the requirements of applicable laws and actions will be taken against any employee for non-compliance. The Group also adopted Whistle-Blowing Policy with the aim of providing a structured mechanism for employees and other stakeholders to raise genuine and legitimate concerns on any suspected or wrongful activities or wrongdoings. The Whistle-Blowing Policy is implemented to emphasize the Group's commitment to the highest standards of quality, honesty, openness and accountability, in ensuring that discrepancies are reported and dealt promptly to ensure ethical business practices, and to protect the employees.

# 4.2 Product safety and quality

Over the years, we have invested in equipment necessary to improve the safety features of our shipyard. We have also upgraded our communication systems and technology to increase our capacity and efficiency. These investments have enabled us to provide better service to our customers and to better meet the needs of our other stakeholders now and in the future. We are pleased to state that our business processes continue to comply with globally recognised standards, namely the ISO 9001:2015 Quality Management System, which stands as a testament to our commitment to quality.

MOU signed between 3 Malaysian companies and a Singapore company to build offshore vessel in Malaysia.

A memorandum of understanding (MoU) was signed in July 2022 between three local shipbuilding and ship repair players — Grade One Marine Shipyard Sdn Bhd, Muhibbah Marine Engineering Sdn Bhd and Shin Yang Shipyard Sdn Bhd, one of the subsidiaries of the Group and the Singaporean company, Evolution Concepts Pte Ltd, to build the first green offshore supply vessel (OSV) locally and supply it to the global market. This green OSV is expected to reduce 25% of fuel consumption, 25% of CO2 in operation, 100% of CO2 in harbour mode, 10-20% vessel OPEX per year and 40-50% maintenance cost as low usage of generators, no gearbox, no shaft line and fewer shaft bearings.

The MoU will see the aforementioned parties leveraging on each other's strengths to build the conceptually proposed first green OSV in Malaysia, whereby the abovesaid three (3) local shipbuilding and ship repair companies would provide the shipyard facilities and end-to-end vessel construction while the Singaporean company, Evolution Concepts designs the vessel, incorporating the green technology.

The Association of Marine Industries of Malaysia (AMIM) is facilitating the collaboration for the project which tentatively commences in 2023 and is expected to take around 18 to 24 months to be completed, from the designing to the building phase.

# 5. Material sustainability matters : Environmental

The Group is aware of its industry's impact on the environment which includes generating of industrial wastes, water and air pollution and depletion of natural resource, such as energy and water.

In awareness of the key environmental issues, the Group is committed in operating in a manner that does not compromise the health of ecosystems in which it operates in the long term. The Group continuously improve on its resource management and environmental management to ensure that the natural resources are conserved for the next generation.

# 5.1 <u>4Rs of sustainability</u>

The Group is committed to the 4Rs principles (Reduce, Reuse, Recycle and Recover) to reduce wastage.

(Cont'd)

### 5. Material sustainability matters : Environmental (continued)

### 5.1 <u>4Rs of sustainability (continued)</u>

For onshore office, staff have been instilled with culture towards computer data storage whenever possible to reduce paper consumption.

The shipbuilding and ship repairing operations such as welding and cutting generate solid wastes, especially scrap metal. Such scraps, which have economic value are recycled and reused for other sub projects and rebuild aged vessels. This helps to increase our resource efficiency for materials consumption.

Waste management plans are implemented on all of our vessels. Waste separation is carried out on board and recyclable items such as plastic, paper and glass are sent to shore recycling facilities. Other types of waste are collected for treatment, recovery or disposal at shore, while waste which are permitted for on-board incineration are disposed of in the shipboard incinerator. The only waste that is allowed to disposed at sea is food waste, which without packaging or container. This disposal is carried out in compliance with MARPOL (The International Convention for Prevention of Marine Pollution For Ships).

### 5.2 Effluent and waste

Waste management and pollution implemented on-board vessels are governed by the Marine Pollution ("MARPOL") with the objective to minimise pollution of the oceans and seas, including dumping, oil and air pollution.

We take pro-active initiatives in the management of our environment including emission mitigation. The Group embarked on IMO's Data Collection System (DCS) that are developed in the context of reduction of greenhouse gases (GHG)/carbon dioxide emissions and with the target to measure and potentially reduce the CO2 emissions in the maritime industry.

Preventive actions are identified and controls are established to prevent any pollution and environmental hazards. All garbage accumulated is compressed to its possible minimum size prior disposal to shore facilities.

All our ships engaged in international trade carry a ballast water record book and an International Ballast Water Management Certificate. The Group manage the ballast water and sediments, according to a ship-specific ballast water management plan to avoid the introduction of alien species into coastal areas, including exchanging the ballast water or treating it using an approved ballast water management system.

# 5.3 Energy

### 5.3.1 Water & Electricity

Measures have been taken to reduce energy consumption and conserve water.

The Group encourage to switch off any equipment or lights that are not in use for energy conservation.

The Group embrace water saving behaviour, such as collecting rainwater for cleaning our prime movers, cranes and shovel.

In FYE2022, the Group's water & electricity consumption slightly increased by 0.2%, RM2.348million (FYE2021: RM2.343million).

# 5.3.2 Fuel management

Fuel is our prime resource. The Group continuously monitor and control its fuel consumption to ensure optimal use on its operations.

IMO 2020 mandates a maximum sulphur content of 0.5% in marine fuels globally. As of last quarter of 2019, the Group has complied with the new emission standards with instituted low sulphur Fuel Oil with a sulphur content of 0.1% or less instead of using the cheaper high sulphur MFO. This subsequently reduce the air pollution created in the shipping industry by reducing the sulphur content of the fuels that ships used. The fuel consumption of the group as follow:-

6.1 Occupational Health & Safety

Safety at work is a condition for the performance of work without exposure to the risk of accidents or occupational disease. Historically the Group has dedicated significant effort to the protection of health and safety; over the years it has promoted a profound change in safety culture, as a first step towards further development. The key element is personnel training as a tool for risk prevention.

The Group is committed to constantly developing an active role in the field of occupational health and safety through the following actions:

- always acting in full compliance with mandatory laws and reference standards;
- managing the hazards and risks identified in relation to activities and duties, constantly updating knowledge on the subject in order to prevent accidents and injuries;
- periodically reviewing the Health & Safety policy and targets;
- raising the skills and awareness of all people involved in its activities by means of adequate information and training, in the belief that more knowledge brings more safety and ensures the cultural change necessary to improve results;
- cooperating with stakeholders on policy and continuous improvement, so as to create alignment between the Company's top management and all employees.

We are optimistic of our outlook following the Malaysian Government's announcement for transition from pandemic to endemic phase effective from 1 April 2022. Despite of that, we continue to remain vigilant, socially responsible and maintain good hygiene practices at our workplace in upholding the highest occupational health and safety standard in the Group.

The Group is proud to announce that with the co-operation of all members of the Group, the Group is working toward full vaccinated workforce and 100% (except those with valid reasons) have received the booster dose.

AGM meeting

The Board remains committed in ensuring the high standards of corporate governance are practiced throughout the Group in discharging its responsibilities to protect and enhance shareholders' value.

The Board believes that good corporate governance adds value to the business of the Group and will ensure that this practice continues. The Board of Directors believe in playing an active role in guiding the Management through its oversight review while at the same time steer the Group's business directions and strategies.

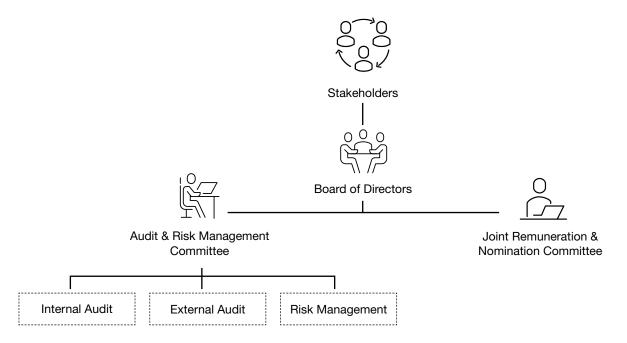

The statement outlines how the Group has applied the principles of corporate governance and the extent of compliance with the principles, recommendations and best practices set out in the Malaysian Code on Corporate Governance 2021 ("MCCG") and is to be read in conjunction with the Corporate Governance Report (CG Report) which is available on the Group's website.

The three (3) principles of corporate governance as set out in MCCG are:-

- Principle A: Board leadership and effectiveness;
- Principle B: Effective audit and risk management; and
- Principle C: Integrity in corporate reporting and meaningful relationship with stakeholders

### PRINCIPLE A - BOARD LEADERSHIP AND EFFECTIVENESS

### **Roles and responsibilities**

The Board of Directors ("Board") has the overall responsibility for the performance of the Group by maintaining full and effective control over strategic, financial, operational, compliance and governance issues. The Board is guided by the prevailing legal and regulatory requirements as well as the Company's policies in discharging its fiduciary duties and responsibilities.

The Board delegates the day-to-day management of the Company's business to the management team but reserves for its consideration significant matters such as the following: -

- formulation of corporate policies and strategies;
- overseeing and evaluating the conduct of the Group's businesses;
- identifying principal risks and ensuring the implementation of appropriate systems to manage those risks; and
- reviewing and approving key matters such as financial results, structures and policies, investments and divestments, acquisitions and disposals and major capital expenditure.

### Board composition and balance

The Group is led and managed by a competent Board which set the policies to enable them to lead and guide the Group to achieve its goals. The Board currently has Nine (9) board members and headed by the Group Executive Chairman. The Nine (9) members of the Board comprise of five (5) Executive Directors and one (1) Non-Independent Non-Executive Director and three (3) Independent Non-Executive Directors. This has met the Bursa Malaysia Securities Berhad's Main Market Listing Requirements which requires nearest of one third (1/3) of the Board to be Independent Directors.

The profile of each director is presented on page 7 to page 11 in the Annual Report.

Together, the Directors bring with them a broad range of hands on extensive experience and expertise in the areas such as finance, corporate affairs, marine law, business acumen, logistic management and shipping and shipbuilding technical operations, which are vital to the success of the Group.

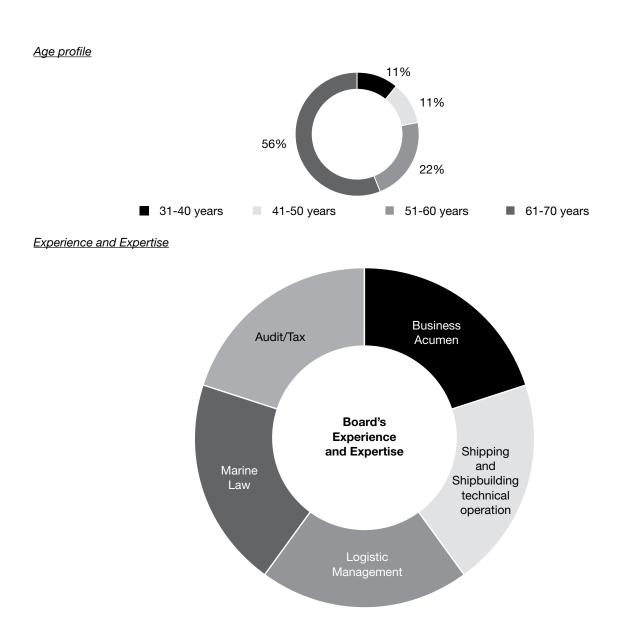

The Board believe that appointment of board members, regardless of gender, should be based on experience, character, integrity and competence as these are the essential criteria for an effective Board.

Details view of the current Board Composition illustrated as below:-

### **Directorship**

(Cont'd)

### **Time Commitment**

Directors are expected to give sufficient time to carry out their duties and responsibilities. In line with paragraph 15.06 of the Listing Requirements of Bursa Malaysia Securities Berhad in relation to the restriction on directorship in listed companies, none of the Board members holds more than five (5) directorships in public listed companies to ensure they devote sufficient time to carry out their responsibilities.

### **Roles of Chairman and Chief Executive Officer**

The Board is led by Tan Sri Datuk Ling Chiong Ho, the Group Executive Chairman while the position of the Chief Executive Officer is helmed by Captain Ting Hien Liong.

The distinct and separate roles of the Group Executive Chairman and Chief Executive Officer, with a clear division of responsibilities, ensure a balance of power and authority, such that no one individual has unfettered powers of decisionmaking. The Group Executive chairman is responsible for leadership, orderly conduct and working of the Board, whereas the Chief Executive Officer is responsible for the day-to-day management of the Group's business.

### **Company Secretary**

The Board is supported by a qualified, experienced and competent Company Secretary. The Company Secretary plays an important role in supporting the Board by ensuring adherence to Board policies and procedures. The Board is updated by the Company Secretary on new statutes and directives issued by the regulatory authorities. The Company Secretary has attended the Board and Committee meetings and ensured that all procedures are adhered. He also facilitates the communication of key decisions and policies between the Board, Board Committees and Senior Management and to update the Board on the Follow-up or implementation of its decisions or recommendations.

### **Board Charter**

The roles and functions of the Board are delineated in the Board Charter, which is available on the Company's website.

The charter shall be reviewed periodically as stipulated to ensure its relevance in assisting the Board to execute its duties with changes in corporate laws and regulations that may arise from time to time.

### **Board Committee**

The Board has delegated certain functions to the committees to assist in the execution of its responsibilities:

### • Audit and Risk Management Committee

The Audit and Risk Management Committee comprises three (3) Independent Non-Executive Directors and one (1) Non- Independent Non-Executive Director. The composition, responsibilities, detailed terms of reference and the activities of the Committee during the financial year are set out separately in the Audit and Risk Management Committee Report on page 56 to 59 of the Annual Report.

### • Joint Remuneration and Nomination Committee

The Committee is responsible for recommending the remuneration framework for Directors as well as the remuneration packages of Executive Directors to the Board for approval and also recommending the right candidates with the necessary skills, knowledge, expertise and experience including his/her professionalism and integrity to fill in the Board. The Committee is also responsible to assess the effectiveness of the Board, its Committee and the performance of individual Director annually. The members of the Joint Remuneration and Nomination Committee are as follow:

Jack Willien @ William Anak Jinep- Chairman, Independent Non - Executive Director

Arshad Bin Zainuddin - Independent Non - Executive Director

Ling Siu Chuo – Non-Independent Non-Executive Director.

The Committee meets as and when necessary. For the financial year ended 30 June 2022, the Committee held four (4) meeting.

The respective Committees operate under clearly defined terms of reference and the Chairman of the respective Committees report to the Board on the outcome of the Committee Meetings.

### **Supply and Access of Information**

All Directors have full access to information concerning the Company and the Group. The Directors are provided with the relevant agenda and a set of Board papers in sufficient time prior to every Board meeting to enable them to understand the matter and seek further explanation, where necessary in order to be properly informed before the meeting. The Board papers circulated include quarterly and annual financial statements, minutes of meeting of all Committees of the Board, report on recurrent related party transactions, internal audit reports and reports on the Group's financial, operational and corporate developments. All matters requiring Board approvals have been duly circulated prior to the Board Meeting. All proceedings of the Board Meeting are minuted and signed as correct record by the Chairman of the Meeting.

At all times, Directors have direct access to the advice and the services of the Company Secretary, Key Senior Management Staff as well as independent professional advisers including the external auditors. Directors especially newly appointed ones are encouraged to visit the Group's operating locations to familiarize themselves with the various operations of the Group.

(\*) Note: Reflects the number of meetings held during the time the Director held office

The Board meetings may conduct via electronic means and for convenience, circular resolutions of the Directors will be prepared for the Directors' execution in order to facilitate efficient implementation of Board's decision. The Director who is unable to present physically at the meetings is encouraged to participate through electronic means of communication.

At the Board Meeting, the Board deliberated and considered matters relating to the Group's financial performance, major capital expenditure, budgets, investment, corporate development, strategic issues and business plan. Although all the Directors have an equal responsibility for the Group's operation and performance, the role played by the Independent Non-Executive Directors are vital to ensure that strategies formulated or transactions proposed by the management are amply discussed in an unbiased and independent manner, taking into account the interest not only of the Group but also the shareholders, employees, customers, suppliers, business associates, environment and community at large.

### **Code of Ethics and Conduct**

The Board is committed to maintain a corporate culture with good ethical conduct. This is formalised through the Company's Code of Ethics and Code of Conduct. This Code of Ethics and Conduct intended to serve guide to the daily professional and ethical attitudes of all the employees of the Group. It covers matters in relation to office rules and regulations, conflict of interest, supply chain code, security and confidential information, harassment, abusing assets/office facilities, drugs/liquors and breaches and offenses. The directors and employees of the Group are expected to adhere to the standard of ethics and conduct set out therein.

### Whistle Blowing Policy

The Board is committed to the highest standards of integrity, accountability and ethical behavior in its business conduct and operations, consistent with the corporate values. All the employees and third parties employed or engaged given the mechanism to report wrongdoing or improper conduct without fear of retaliation or being victimised.

### **Anti-Bribery and Corruption Policy**

The Board is committed to conduct business in compliance with the laws of the jurisdictions in which the Group operates. The Group adopts a zero-tolerance policy against all forms of bribery and corruption. Anti-Bribery and Corruption policy has been developed to provide information and guidance to group on standards of behaviour and to uphold their responsibilities to which must be adhered to, recognised, as well as dealing with bribery and corruption

### Sustainability

The Board recognises the importance of incorporating sustainability considerations into the Company's business and corporate activities, and how sustainability is essential to successful business strategies that could deliver sustainable value to all stakeholders and ultimately boosts the business performance of the Company.

The Board and the Senior Management proactively govern the Company's materiality processes, including setting the Company's sustainability strategies, priorities and targets. Performance against these clearly set out targets are communicated to the Company's internal and external stakeholders.

The Board and the Senior Management integrate Environmental, Social and Governance (ESG) factors into their investment decision-making process and the Group's overall strategy and operations in paving the path for a more sustainable future.

### **Appointment and Retirement of Directors**

The appointment of any additional directors is made as and when it is deemed necessary by the Board of Directors with due consideration given to a good mix of knowledge, skills and experiences required for the Board to discharge its duties effectively. The appointment of new Director by the Board is dependent upon recommendation from the Joint Remuneration and Nomination Committee. Any proposal to appoint new directors will be discussed among the Board members and appointment to the Board will be documented in the Board resolutions.

The Company's Constitution provides that one third of the Board shall retire from office and be eligible for re-election at every Annual General Meeting ("AGM"). The Directors to retire in each year are the Directors who have been longest in office since their last appointment or re-appointment. A retiring Director is eligible for re-appointment. These provide an opportunity for the shareholders to renew their mandates. The election of each Director is voted on separately.

### **Tenure of Independent Directors**

The Board complied with the recommendation of the MCCG 2021 that the tenure of an independent Director should not exceed a cumulative term of nine (9) years. However, if an independent director whose service is required beyond nine (9) years but less than twelve (12) years, shareholders' approval through a two-tier voting process would be sought in the Annual General Meeting. Currently, none of the existing Independent Directors of the Company has exceeded the tenure of a cumulative term of nine (9) years in the Company.

### **Annual Assessment of Director**

The Board, through the Joint Remuneration and Nominee Committee, assesses the independence of Independent Directors annually. The criteria for assessing the independence of an Independent Director include the relationship between the Independent Director and the Company and his involvement in any significant transaction with the Company.

The evaluation was conducted internally via written questionnaires and the Board viewed that the current evaluation process is adequate to provide an objective assessment on the effectiveness of the Board, Board Committees and each individual Director.

The Board and Board Committees are satisfied with their existing composition and are of the view that, with the current mix of skills, experience, expertise, and competencies of the existing Directors, the Board and respective Board Committees are able to discharge their duties effectively. The Board also satisfied that the Board composition in terms of size, the balance between Executive, Non-Executive and Independent Directors and mix of skills was adequate.

### **Gender Diversity**

The Board has not adopted a gender diversity policy for the Board and Key Senior Management. The Board believes the Company's existing selection criteria of a director based on effective mix of experiences, skills, competencies and knowledge in areas identified by the Board are suffice.

Steps have been taken to ensure that the selection and recruitment practices at all levels (from the Board downwards) are appropriately structured so that a diverse range of candidates are considered and that there are no conscious or unconscious biases that might discriminate against female candidates. **Directors' Training** 

All the Directors have attended and completed the Mandatory Accreditation Programme ("MAP") prescribed by the Bursa Malaysia Training Sdn Bhd. The Directors are also encouraged to attend the Continuing Education Programme ("CEP") organized by accredited organisations as and when necessary to keep abreast with the latest development that are relevant to the Group.

The Directors having during the financial year ended 30 June 2022, attended the trainings covered a range of topics which provided the Directors with updates on business trends and management, risk management, corporate governance, financial and audit. These trainings are regarded as appropriate in providing the Directors with continuous education and enhancement of their knowledge and skill in discharging of their responsibilities as directors of the Company

The Board affirms its commitment to maintain sound risk management practices and internal control system in the Group to safeguard shareholders' investment and the assets of the Group. Pursuant to Paragraph 15.26 (b) of the Bursa Malaysia Securities Berhad ("Bursa Securities") Main Market Listing Requirements and guided by the "Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers" ("the Guidelines") as well as Practice 10.1 and 10.2 of the MCCG2021, the Board is pleased to provide the following statement on risk management and internal control, which outlines the nature and scope of internal controls of the Group during the financial year, ended 30 June 2022.

### BOARD RESPONSIBILITY AND ACCOUNTABILITY

The Board acknowledges its responsibilities are fully committed to maintaining a sound risk management practices and internal control environment to safeguard Shareholders' investments and Group's assets. The Board has an overall responsibility for the Group's system of risk management and internal control and its effectiveness, as well as reviewing its adequacy and integrity. The Group's risk management process and system of internal control consists of financial controls, operational and compliance controls and risk management to safeguard shareholders' investment and assets of the Group.

In view of the limitations that are inherent in any system of risk management and internal control, our system is designed to manage, rather than eliminate the risk of failure to achieve corporate objectives. Therefore, the system can only provide reasonable, but not absolute, assurance against any material misstatements, financial losses, defalcations or fraud. The Board continuously evaluates appropriate measures to strengthen the transparency and efficiency of its operations taking into account the requirements for sound and appropriate internal control and management information system of the Group.

The Board is of the view that the risk management and internal control system in place for the year under review and up to the date of issuance of the financial statements is adequate and effective to safeguard the shareholders' investment, the interests of customers, regulators, employees and the Group's assets.

The Board, through its Audit and Risk Management Committee ("ARMC") has established an ongoing process for identifying, evaluating, and managing the significant risks faced by the Group and this process includes enhancing the risk management and internal control system as and when there are changes to the business environment and regulatory requirements. The process is reviewed by the Board and the ARMC on a periodic basis.

Management assists the Board in the implementation of the Board's policies and procedures on risk and control by identifying and assessing the risks faced by the Group, and in the design and operation of suitable internal controls to mitigate these risks identified.

The effectiveness of internal controls was reviewed by the ARMC in relation to the audits conducted by internal auditors ("IA") during the financial year. Audit issues and actions taken by Management to address the issues tabled by IA were deliberated during the ARMC meetings. Minutes of the ARMC meetings which recorded these deliberations were presented to the Board.

Internal control and risk-related matters which warranted the attention of the Board were recommended by the ARMC to the Board for its deliberation and approval and matters or decisions made within the ARMC's purview were referred to the Board for its notation.

### MANAGEMENT RESPONSIBILITY

The management assist the Board in the implementation of the Board's policies and procedures on risk and control by identifying, assessing, monitoring and reporting risk and internal control, as well as taking proper actions to address risks. The Management has further assured the Board that the Group's risk management and internal control system are operating adequately and effectively in all material aspects.

### KEY COMPONENTS OF INTERNAL CONTROL ENVIRONMENT

### **Risk Management Framework**

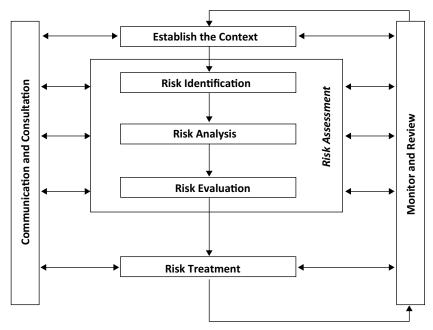

The Board has made risk assessment an on-going exercise to effectively identify, evaluate, manage and review any changes in the risks faced by the businesses in the Group. The significant risks encountered by the Company are managed in accordance to the Guidance for Directors of Public Listed Companies on Statement on Risk Management and Internal Control. The risk management process involves all business and functional units of the Group identifying significant risks which impact the achievement of business objectives of the Group. The Group has established procedures for reporting and monitoring of risks and controls. Regular reviews are conducted with additional procedures to be carried out as and when required.

The Audit and Risk Management Committee has been delegated to oversee the risk management activities and approve appropriate risk management procedures and measurement methodologies for the Group.

The Group's risk management framework is set out in the diagram below:-

### **Risk Management Process**

(Cont'd)

A summary of the risk management procedures undertaken under the structure of the Group's Risk Management Framework are summarised as follows:

- i) Risk Identification
- ii) Risk Evaluation
- iii) Risk Mitigation and
- iv) Risk Monitoring and Reporting

The Board recognises the importance of Enterprise Risk Management ("ERM") in enhancing shareholder value while upholding a high standard of corporate governance. Combining a strong and sustained commitment from the Board and Senior Management with a clear direction and oversight from all levels of leadership, the Group embraces a holistic risk management approach to achieve its business targets with minimal surprises.

The Board continues to ensure that risk management is effectively institutionalised and its risk maturity level is elevated. This is achieved via a multitude of ERM initiatives clustered into key strategic areas, as part of the Group's efforts to ensure smooth ERM practice on the ground coupled with continuous tracking and monitoring of risks and controls. It also strengthens its risk culture and practice, harmonise its risks and risk appetites at the operational level wherever possible.

### OTHER KEY COMPONENTS OF INTERNAL CONTROL ENVIRONMENT

### **Review of the Statement by External Auditors**

The external auditors have reviewed this Statement on Risk Management and Internal Control pursuant to the scope set out in Audit and Assurance *Practice Guide 3, Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in the Annual Report* ("AAPG3") issued by the Malaysian Institute of Accountants ("MIA") for inclusion in the annual report of the Group for the year ended 30 June 2022, and reported to the Board that nothing has come to their attention that cause them to believe that the statement intended to be included in the annual report of the Group, in all material respects: has not been prepared in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, or is factually inaccurate.

AAPG3 does not require the external auditors to consider whether the Directors' Statement on Risk Management and Internal Control covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system including the assessment and opinion by the Directors and management thereon. The report from the external auditor was made solely for, and directed solely to the Board in connection with their compliance with the listing requirements of Bursa Malaysia Securities Berhad and for no other purposes or parties. The external auditors do not assume responsibility to any person other than the board of directors in respect of any aspect of this report.

### **Board Meeting**

The Board meets at least quarterly and has a formal agenda on matters for discussion and approval. Presentation of board papers, comprehensive explanation and feedback from the board members are the prerequisites to arriving at a decision.

### Organisational Structure with Defined Responsibility and Authority

We have in place an organisational structure with defined responsibility lines and authority to facilitate response to changes in the business environment and accountability for operational performance. Capital and non-capital expenditures and acquisition and disposal of investment interests are subject to appropriate approval processes and evaluations.

### **Operational Policies and Procedures**

The documented policies and procedures form an integral control system to safeguard the Group's assets against material losses and ensure completeness and accuracy of financial information. The documents consist of memorandum, circulars and letters, which are continuously being revised and updated to meet operational needs.

We have business planning and budgetary system in place to manage performance of the business activities, which compared with the actual performance against set targets on a periodic basis.

(Cont'd)

### **Internal Audit**

The Internal Audit ("IA") provides independent assessment on the effectiveness and efficiency of internal controls to support the corporate governance framework and to assist the Group in enhancing its existing risk management framework.

The IA reports regularly on the internal control system and the effectiveness of the risk management system of the Group in its quarterly reports to Audit and Risk Management Committee ("ARMC")

The IA reviews compliance with policies and procedures and advises executive and operational management areas for improvement and subsequently reviews the extent to which its recommendations have been implemented. The IA also conducts a follow up review on the implementations status of action plans agreed by management.

The IA focused on high priority activities determined by the risk assessment and in accordance with the audit planning memorandum approved by the ARMC.

The IA is free from any relationships or conflict of interest, which could impair their objectivity and independence.

### **Quality Assurance**

The IA develops and maintains a quality assurance and improvement programme that covers all aspects of internal audit activities. The quality assurance programme assesses the effectiveness of IA processes and identifies opportunities for improvement via both internal and external assessments. It has its own peer reviewer mechanism to ensure consistently good quality output of every audit engagement. The team leader is well experienced to manage the internal audit assignments.

### Information and Communication

While the Management has full responsibility in ensuring the effectiveness of internal control, which it establishes, the Board of Directors has the authority to assess the state of internal control as it deems necessary. In doing so, the Board has the right to enquire information and clarification from Management as well as to seek inputs from the ARMC, external and internal auditors, and other experts at the expense of the Company.

### Assurance from the Management

The Board has received assurance from the Chief Executive Officer and Executive Director that the Group's risk management and internal control system is operating adequately and effectively, in all material aspects, based on the risk management practices and internal control system of the Group.

### Audit and Risk Management Committee

The Audit and Risk Management Committee reviews the adequacy and effectiveness of the Group's systems of internal control as well as reviewing issues identified by the internal auditors. The ARMC also ensures that there is a continuous effort by management to address and resolve areas where weaknesses exist.

All audit findings, recommendations and management actions are rigorously deliberated upon during ARMC meetings before reporting to the Board. Quarterly reports to the ARMC track the progress towards completion of all corrective actions taken on issues highlighted by the Group Internal Audit.

The ARMC reviews the quarterly results of the Group and if satisfied recommends adoption of such results to the Board.

### Conclusion

For the financial year under review and up to the date of approval of this statement, there were no significant internal control deficiencies or material weaknesses resulting in material losses or contingencies requiring additional disclosure in this Annual Report. The Board is of the view that the Group's system of internal control and risk management is adequate to safeguard shareholders' investments and the Group's assets. However, the Board is also cognisant of the fact that the Group's system of internal control and risk management practices must continuously evolve to meet the changing and challenging business environment. Therefore, the Board will, when necessary, put in place appropriate action plans to further enhance the Group's system of internal control and risk management framework.

This Statement on Risk Management and Internal Control was made in accordance with a resolution of the Board on 21 October 2022.

|                         | In April 2022, the Group formed its own Internal Audit Department. The Group Internal Audit Department ("IAD") is led by Ms Leh Sheng Sheng, the internal audit manager. She has extensive knowledge and working experience in the internal audit filed with exposure to various industries and Corporate Risk Management. She is supported by two (2) internal audit assistants. The internal audit activities were reported directly to the Audit and Risk Management Committee ("ARMC") based on the approved annual Internal Audit Plan. The approved annual Internal Audit Plan is designed to cover entities across all levels of operations within the Group.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |  |  |

# STATEMENT ON DIRECTORS' RESPONSIBILITY

The Main Market Listing Requirements of Bursa Malaysia Securities Berhad requires the Directors to issue a statement explaining their responsibility for preparing the Financial Statements.

The Directors are required by the Company Act 2016, to prepare financial statements which give a true and fair view of the state of affairs of the Group and the Company as at the end of each financial year and of their results and their cash flows for that year then ended.

In preparing the financial statements, the Directors have:-

- used appropriate accounting policies and are consistently applied;
- made reasonable and prudent judgments and estimates;
- ensured all applicable approved accounting standards in Malaysia, the provision of the Company Act 2016 and the Listing Requirements of the Bursa Malaysia Securities Berhad have been followed; and
- prepared the financial statements on a going concern basis.

The Directors are responsible for ensuring that proper accounting records are maintained which disclose with reasonable accuracy the financial position of the Group and the Company, and which enable them to ensure that the financial statements comply with the Act. The Directors have general responsibilities for taking such steps that are reasonably available to them to safeguard the assets of the Group and the Company and to prevent and detect fraud and other irregularities.

This statement is made in accordance with the resolution of the Board of Directors dated 21 October 2022

### DIVIDENDS

At the forthcoming Annual General Meeting, a final dividend of 1.25 sen per ordinary share amounting to RM14,356,816 in respect of the current financial year will be proposed for shareholders' approval. The financial statements for the current financial year do not reflect this proposed dividend. Such dividend, if approved by the shareholders, will be accounted for in the shareholders' equity as appropriation of retained earnings in the financial year ending 30 June 2023.

### **RESERVES AND PROVISIONS**

There were no material transfers to or from reserves or provisions during the financial year other than those disclosed in the financial statements.

(Cont'd)

### **ISSUES OF SHARES AND DEBENTURES**

During the financial year:-

- (a) there were no changes in the issued and paid-up share capital of the Company; and
- (b) there were no issues of debentures by the Company.

### **TREASURY SHARES**

During the financial year, the Company repurchased a total of 19,428,400 of its issued ordinary shares from the open market for a total cost of RM7,588,104. The average cost paid for the shares repurchased during the year was RM0.39 per share.

The shares repurchased are held as treasury shares in accordance with Section 127 of the Companies Act 2016. Of the total 1,200,000,000 issued and fully paid ordinary shares as at 30 June 2022, 51,454,700 are held as treasury shares by the Company. As at 30 June 2022, the number of outstanding shares in issue after the set-off is therefore 1,148,545,300 ordinary shares.

### **OPTIONS GRANTED OVER UNISSUED SHARES**

During the financial year, no options were granted by the Company to any person to take up any unissued shares in the Company.

### BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for impairment losses on receivables, and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for impairment losses on receivables.

At the date of this report, the directors are not aware of any circumstances that would require the further writing off of bad debts, or the additional allowance for impairment losses on receivables in the financial statements of the Group and of the Company.

(Cont'd)

### **CURRENT ASSETS**

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ensure that any current assets, which were unlikely to be realised in the ordinary course of business, including their value as shown in the accounting records of the Group and of the Company, have been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements misleading.

### VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

### CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:-

- (a) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (b) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability of the Group and of the Company has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations when they fall due.

### **CHANGE OF CIRCUMSTANCES**

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

(Cont'd)

### **ITEMS OF AN UNUSUAL NATURE**

The results of the operations of the Group and of the Company during the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

# **INDEPENDENT AUDITORS' REPORT**

TO THE MEMBERS OF SHIN YANG SHIPPING CORPORATION BERHAD – 200401027554 (666062-A) (INCORPORATED IN MALAYSIA)

### **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

### Opinion

We have audited the financial statements of Shin Yang Shipping Corporation Berhad, which comprise the statements of financial position as at 30 June 2022 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 77 to 177.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 30 June 2022, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of the Directors for the Financial Statements**

The directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS**

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have not acted as auditors, are disclosed in Note 6 to the financial statements.

#### **OTHER MATTERS**

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

### 5. SIGNIFICANT ACCOUNTING POLICIES

#### 5.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

#### Key Sources of Estimation Uncertainty

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year other than as disclosed below:-

#### (a) Depreciation of Property and Equipment

The estimates for the residual values, useful lives and related depreciation charges for the property and equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions. Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised. The carrying amount of property and equipment as at the reporting date is disclosed in Note 8 to the financial statements.

#### (b) Revenue Recognition for Construction Contracts

The Group recognises construction revenue by reference to the construction progress based on the physical proportion of contract work completed to date. Significant judgement is required in determining the progress towards complete satisfaction of the performance obligation based on actual costs incurred to date over the estimated total contract costs. The total estimated costs are based on approved budgets, which require assessment and judgement to be made on changes in, for example, work scope, changes in costs and costs to completion. In making the judgement, management relies on past experience and the work of specialists. The carrying amounts of contract assets and contract liabilities as at the reporting date are disclosed in Note 16 to the financial statements.

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

Key Sources of Estimation Uncertainty (Cont'd)

#### (c) Impairment of Trade Receivables and Contract Assets

The Group uses the simplified approach to estimate a lifetime expected credit loss allowance for all trade receivables and contract assets. The contract assets are grouped with trade receivables for impairment assessment because they have substantially the same risk characteristics as the trade receivables for the same types of contracts. The Group develops the expected loss rates based on the payment profiles of past sales and the corresponding historical credit losses, and adjusts for qualitative and quantitative reasonable and supportable forward-looking information. If the expectation is different from the estimation, such difference will impact the carrying values of trade receivables and contract assets. The carrying amounts of trade receivables and contract assets as at the reporting date are disclosed in Notes 14 and 16 to the financial statements respectively.

#### (d) Impairment of Non-Trade Receivables

The loss allowances for non-trade financial assets are based on assumptions about risk of default (probability of default) and expected loss if a default happens (loss given default). It also requires the Group to assess whether there is a significant increase in credit risk of the non-trade financial asset at the reporting date. The Group uses judgement in making these assumptions and selecting appropriate inputs to the impairment calculation, based on the past payment trends, existing market conditions and forward-looking information. The carrying amounts of other receivables and amounts owing by subsidiaries as at the reporting date are disclosed in Notes 15 and 9 to the financial statements respectively.

### (e) Impairment of Property and Equipment

The Group determines whether an item of its property and equipment is impaired by evaluating the extent to which the recoverable amount of the asset is less than its carrying amount. This evaluation is subject to changes such as market performance, economic and political situation of the country. A variety of methods is used to determine the recoverable amount, such as valuation reports and discounted cash flows. For discounted cash flows, significant judgement is required in the estimation of the present value of future cash flows generated by the assets, which involve uncertainties and are significantly affected by assumptions used and judgements made regarding estimates of future cash flows and discount rates. The carrying amount of property and equipment as at the reporting date is disclosed in Note 8 to the financial statements.

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

Key Sources of Estimation Uncertainty (Cont'd)

#### (f) Impairment of Investments in Subsidiaries

The carrying amounts of the investments in subsidiaries of the Company as at 30 June 2022 was RM1,073,773,582 (2021: RM1,064,373,580). The Company assesses whether there are any indicators of impairment for its investments in subsidiaries at each reporting date. In assessing whether there is any indication that its investments in subsidiaries may be impaired, the Company considers the external and internal sources of information. The Company estimated the recoverable amount of the investments in the subsidiaries based on the higher of the fair value less costs to sell and the value in use.

#### Critical Judgements Made in Applying Accounting Policies

Management believes that there are no instances of application of critical judgement in applying the Group's accounting policies which will have a significant effect on the amounts recognised in the financial statements other than as disclosed below:-

#### Lease Terms

Some leases contain extension options exercisable by the Group before the end of the noncancellable contract period. In determining the lease term, management considers all facts and circumstances including the past practice and any cost that will be incurred to change the asset if an option to extend is not taken. An extension option is only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

#### 5.2 BASIS OF CONSOLIDATION

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to the end of the reporting period.

Subsidiaries are entities controlled by the Group. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.2 BASIS OF CONSOLIDATION (CONT'D)

Intragroup transactions, balances, income and expenses are eliminated on consolidation. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Where necessary, adjustments are made to the financial statements of subsidiaries to ensure consistency of accounting policies with those of the Group.

#### (a) Business Combinations

Acquisitions of businesses are accounted for using the acquisition method. Under the acquisition method, the consideration transferred for acquisition of a subsidiary is the fair value of the assets transferred, liabilities incurred and the equity interests issued by the Group at the acquisition date. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs, other than the costs to issue debt or equity securities, are recognised in profit or loss when incurred.

In a business combination achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Non-controlling interests in the acquiree may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets at the date of acquisition. The choice of measurement basis is made on a transaction-by-transaction basis.

#### (b) Business combinations involving entities under common control

Business combinations involving entities under common control are accounted for by applying the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts reported in the consolidated financial statements of the controlling holding company. Any difference between the consideration paid and the share capital of the "acquired" entity is reflected within equity as merger reserve. The statement of comprehensive income reflects the results of the combining entities for the full year, irrespective of when the combination takes place. Comparatives are presented as if the entities have always been combined since the date the entities had come under common control.

#### (c) Non-controlling interests

Non-controlling interests are presented within equity in the consolidated statement of financial position, separately from the equity attributable to owners of the Company. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.2 BASIS OF CONSOLIDATION (CONT'D)

#### (d) Changes in Ownership Interests in Subsidiaries Without Change of Control

All changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of consideration paid or received is recognised directly in equity of the Group.

#### (e) Loss of Control

Upon the loss of control of a subsidiary, the Group recognises any gain or loss on disposal in profit or loss which is calculated as the difference between:-

- (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest in the former subsidiary; and
- (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the former subsidiary and any non-controlling interests.

Amounts previously recognised in other comprehensive income in relation to the former subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of (i.e. reclassified to profit or loss or transferred directly to retained profits). The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under MFRS 9 or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

#### 5.3 GOODWILL

Goodwill is measured at cost less accumulated impairment losses, if any. The carrying value of goodwill is reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying amount may be impaired. The impairment value of goodwill is recognised immediately in profit or loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Under the acquisition method, any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interests recognised and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities at the date of acquisition is recorded as goodwill.

Where the latter amount exceeds the former, after reassessment, the excess represents a bargain purchase gain and is recognised in profit or loss immediately.

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.3 GOODWILL (CONT'D)

In respect of equity-accounted associates, the carrying amount of goodwill is included in the carrying amount of the investment and an impairment loss on such an investment is not allocated to any asset, including goodwill, that forms part of the carrying amount of the equity-accounted associates.

#### 5.4 FUNCTIONAL AND FOREIGN CURRENCIES

#### (a) Functional and Presentation Currency

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates, which is the functional currency.

The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

#### (b) Foreign Currency Transactions and Balances

Transactions in foreign currencies are converted on initial recognition, using the exchange rates at the transaction dates. Monetary assets and liabilities at the end of the reporting period are translated at the exchange rates ruling as of that date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. All exchange differences are recognised in profit or loss.

#### 5.5 FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised in the statements of financial position when the Group has become a party to the contractual provisions of the instruments.

Financial instruments are classified as financial assets, financial liabilities or equity instruments in accordance with the substance of the contractual arrangement and their definitions in MFRS 132. Interest, dividends, gains and losses relating to a financial instrument classified as a liability are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.5 FINANCIAL INSTRUMENTS (CONT'D)

A financial instrument is recognised initially at its fair value (other than trade receivables without significant financing component which are measured at transaction price as defined in MFRS 15 – Revenue from Contracts with Customers at inception). Transaction costs that are directly attributable to the acquisition or issue of the financial instrument (other than a financial instrument at fair value through profit or loss) are added to/deducted from the fair value on initial recognition, as appropriate. Transaction costs on the financial instrument at fair value through profit or loss.

Financial instruments recognised in the statements of financial position are disclosed in the individual policy statement associated with each item.

#### (a) Financial Assets

All recognised financial assets are measured subsequently in their entirely at either amortised cost or fair value (through profit or loss, or other comprehensive income), depending on the classification of the financial assets.

#### Debt Instruments

(i) Amortised Cost

The financial asset is held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset. When the asset has subsequently become credit-impaired, the interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts), excluding expected credit losses, through the expected life of the financial asset or a shorter period (where appropriate).

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.5 FINANCIAL INSTRUMENTS (CONT'D)

#### (a) Financial Assets (Cont'd)

#### Debt Instruments (Cont'd)

(ii) Fair Value through Other Comprehensive Income

The financial asset is held for both collecting contractual cash flows and selling the financial asset, where the asset's cash flows represent solely payments of principal and interest. Movements in the carrying amount are taken through other comprehensive income and accumulated in the fair value reserve, except for the recognition of impairment, interest income and foreign exchange difference which are recognised directly in profit or loss. Interest income is calculated using the effective interest rate method.

(iii) Fair Value through Profit or Loss

All other financial assets that do not meet the criteria for amortised cost or fair value through other comprehensive income are measured at fair value through profit or loss.

The Group reclassifies debt instruments when and only when its business model for managing those assets change.

#### Equity Instruments

All equity investments are subsequently measured at fair value with gains and losses recognised in profit or loss except where the Group has elected to present the subsequent changes in fair value in other comprehensive income and accumulated in the fair value reserve at initial recognition.

The designation at fair value through other comprehensive income is not permitted if the equity investment is either held for trading or is designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise.

Dividend income from this category of financial assets is recognised in profit or loss when the Group's right to receive payment is established unless the dividends clearly represent a recovery of part of the cost of the equity investments.

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.5 FINANCIAL INSTRUMENTS (CONT'D)

#### (b) Financial Liabilities

(i) Financial Liabilities at Fair Value through Profit or Loss

Fair value through profit or loss category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. The changes in fair value of these financial liabilities are recognised in profit or loss.

(ii) Other Financial Liabilities

Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts), through the expected life of the financial liability or a shorter period (where appropriate).

#### (c) Equity Instruments

Equity instruments classified as equity are measured initially at cost and are not remeasured subsequently.

(i) Ordinary Shares

Ordinary shares are classified as equity and recorded at the proceeds received, net of directly attributable transaction costs.

Dividends on ordinary shares are recognised as liabilities when approved for appropriation.

(ii) Treasury Shares

When the Company's own shares recognised as equity are bought back, the amount of the consideration paid, including all costs directly attributable, are recognised as a deduction from equity. Own shares purchased that are not subsequently cancelled are classified as treasury shares and are presented as a deduction from total equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of treasury shares.

### 5.5 FINANCIAL INSTRUMENTS (CONT'D)

#### (c) Equity Instruments (Cont'd)

(ii) Treasury Shares (Cont'd)

Where treasury shares are reissued by resale, the difference between the sales consideration received and the carrying amount of the treasury shares is recognised in equity.

Where treasury shares are cancelled, their costs are transferred to retained profits.

#### (d) Derecognition

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. On derecognition of a financial asset measured at amortised cost, the difference between the carrying amount of the asset and the sum of the consideration received and receivable is recognised in profit or loss. In addition, on derecognition of a debt instrument classified as fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the fair value reserve is reclassified from equity to profit or loss. In contrast, there is no subsequent reclassification of the fair value reserve to profit or loss following the derecognition of an equity investment.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

#### (e) Derivative Financial Instruments

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in fair value on derivatives during the reporting period, other than those accounted for under hedge accounting, are recognised directly in profit or loss.

Any derivative embedded in a financial asset is not accounted for separately. Instead, the entire hybrid contract is classified and subsequently measured as either amortised cost or fair value as appropriate.

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.5 FINANCIAL INSTRUMENTS (CONT'D)

#### (e) Derivative Financial Instruments (Cont'd)

An embedded derivative is recognised separately from the host contract which is a financial liability as a derivative if, and only if, its risks and characteristics are not closely related to those of the host contract and the host contract is not measured at fair value through profit or loss.

#### (f) Financial Guarantee Contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantee contracts are recognised initially as liabilities at fair value, net of transaction costs. Subsequent to initial recognition, financial guarantee contracts are recognised as income in profit or loss over the period of the guarantee or, when there is no specific contractual period, recognised in profit or loss upon discharge of the guarantee. If the debtor fails to make payment relating to a financial guarantee contract when it is due and the Company or the Group, as the issuer, is required to reimburse the holder for the associated loss, the liability is measured at the higher of the amount of the credit loss determined in accordance with the expected credit loss model and the amount initially recognised less cumulative amortisation.

#### 5.6 INVESTMENTS IN SUBSIDIARIES

Investment in subsidiaries are stated at cost in the statement of financial position of the Company, and are reviewed for impairment at the end of the reporting period if events or changes in circumstances indicate that the carrying values may not be recoverable. The cost of the investments includes transaction costs.

On the disposal of the investments in subsidiaries, the difference between the net disposal proceeds and the carrying amount of the investments is recognised in profit or loss.

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.7 INVESTMENTS IN ASSOCIATES

An associate is an entity in which the Group and the Company has a long-term equity interest and where it exercises significant influence over the financial and operating policies.

The investment in an associate is accounted for in the consolidated financial statements using the equity method based on the financial statements of the associate made up to 30 June 2022. The Group's share of the post acquisition profits and other comprehensive income of the associate is included in the consolidated statement of profit or loss and other comprehensive income, after adjustment if any, to align the accounting policies with those of the Group, from the date that significant influence commences up to the effective date on which significant influence ceases or when the investment is classified as held for sale. The Group's investment in the associate is carried in the consolidated statement of financial position at cost plus the Group's share of the post acquisition retained profits and reserves. The cost of investment includes transaction costs.

When the Group's share of losses exceeds its interest in an associate, the carrying amount of that interest is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation. The interest in the associate is the carrying amount of the investment in the associate determined using the equity method together with any long-term interests that, in substance, form part of the Group's net investment in the associate.

Unrealised gains or losses on transactions between the Group and the associate are eliminated to the extent of the Group's interest in the associate. Unrealised losses are eliminated unless cost cannot be recovered.

When the Group ceases to have significant influence over an associate and the retained interest in the former associate is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as the initial carrying amount of the financial asset in accordance with MFRS 9. Furthermore, the Group also reclassifies its share of the gain or loss previously recognised in other comprehensive income of that associate to profit or loss when the equity method is discontinued.

#### 5.8 PROPERTY AND EQUIPMENT

All items of property and equipment are initially measured at cost. Cost includes expenditure that are directly attributable to the acquisition of the asset and other costs directly attributable to bringing the asset to working condition for its intended use.

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.8 PROPERTY AND EQUIPMENT (CONT'D)

Subsequent to initial recognition, property and equipment are stated at cost less accumulated depreciation and any impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when the cost is incurred and it is probable that the future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of parts that are replaced is derecognised. The cost of the day-to-day servicing of property and equipment are recognised in profit or loss as incurred.

Depreciation on property and equipment is charged to profit or loss (unless it is included in the carrying amount of another asset) on a straight-line method to write off the depreciable amount of the assets over their estimated useful lives. Depreciation of an asset does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated. The principal annual rates used for this purpose are:-

| 5 years        |
|----------------|
| 20 – 50 years  |
| 5 – 10 years   |
| 20 years       |
| 6.7 – 10 years |
| 3 – 20 years   |
| 8 – 20 years   |
|                |

Capital work-in-progress included in property and equipment are not depreciated as these assets are not yet available for use.

The depreciation method, useful lives and residual values are reviewed, and adjusted if appropriate, at the end of each reporting period to ensure that the amounts, method and periods of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of the property and equipment. Any changes are accounted for as a change in estimate.

When significant parts of an item of property and equipment have different useful lives, they are accounted for as separate items (major components) of property and equipment.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset, being the difference between the net disposal proceeds and the carrying amount, is recognised in profit or loss.

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.9 LEASES

The Group assesses whether a contract is or contains a lease, at the inception of the contract. The Group recognises a right-of-use asset and corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for low-value assets and short-term leases with 12 months or less. For these leases, the Group recognises the lease payments as an operating expense on a straight-line method over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use assets and the associated lease liabilities are presented as a separate line item in the statement of financial position.

The right-of-use asset is initially measured at cost. Cost includes the initial amount of the corresponding lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred, less any incentives received.

The right-of-use asset is subsequently measured at cost less accumulated depreciation and any impairment losses, and adjusted for any remeasurement of the lease liability. The depreciation starts from the commencement date of the lease. If the lease transfers ownership of the underlying asset to the Group or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. Otherwise, the Group depreciates the right-of-use asset to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of the right-of-use assets are as follows:

| Land and buildings              | 2 – 94 years   |
|---------------------------------|----------------|
| Motor vehicles                  | 5 – 10 years   |
| Plant and machinery             | 6.7 – 10 years |
| Shipping equipment and macinery | 10 years       |

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in the future lease payments (other than lease modification that is not accounted for as a separate lease) with the corresponding adjustment is made to the carrying amount of the right-of-use asset or is recognised in profit or loss if the carrying amount has been reduced to zero.

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.10 INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out method and comprises the purchase price and incidentals incurred in bringing the inventories to their present location and condition. The cost of finished goods and work-inprogress comprise cost of raw materials, direct labour, other direct costs and appropriate proportions of manufacturing overheads based on the normal operating capacity.

Net realisable value represents the estimated selling price less the estimated costs of completion and the estimated costs necessary to make the sale.

#### 5.11 CONTRACT COST ASSETS

#### (a) Incremental Costs of Obtaining Contracts

The Group recognises incremental costs of obtaining contracts with customers as an asset when the Group expects to recover these costs. When the amortisation period of the asset is one year or less, such costs are recognised as an expense immediately when incurred.

#### (b) Costs to Fulfil A Contract

The Group recognises costs that relate directly to a contract (or an anticipated contract) with customer as an asset when the costs generate or enhance resources of the Group, will be used in satisfying performance obligation in the future and are recovered.

The contract cost assets are initially measured at cost and amortised on a systematic basis that is consistent with the pattern of revenue recognition to which the asset relates.

An impairment loss is recognised in the profit or loss when the carrying amount of the contract cost assets exceeds the expected revenue less expected cost that will be incurred. Any impairment loss recovered shall be reversed to the extent of the carrying amount of the contract cost assets does not exceed the amount that would have been recognised had there been no impairment loss recognised previously.

#### 5.12 CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, and shortterm, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value with original maturity periods of three months or less. For the purpose of the statement of cash flows, cash and cash equivalents are presented net of bank overdrafts.

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.13 CONTRACT ASSET AND CONTRACT LIABILITY

A contract asset is recognised when the Group's right to consideration is conditional on something other than the passage of time. A contract asset is subject to impairment requirements of MFRS 9 - Financial Instruments.

A contract liability is stated at cost and represents the obligation of the Group to transfer goods or services to a customer for which consideration has been received (or the amount is due) from the customers.

#### 5.14 PROVISIONS

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount can be made. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the provision is the present value of the estimated expenditure required to settle the obligation. The discount rate shall be a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as interest expense in profit or loss.

#### 5.15 IMPAIRMENT

#### (a) Impairment of Financial Assets

The Group recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised cost or at fair value through other comprehensive income, trade receivables and contract assets, as well as on financial guarantee contracts.

The expected credit loss is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument. The Group always recognises lifetime expected credit losses for trade receivables and contract assets using the simplified approach. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience and are adjusted for forward-looking information (including time value of money where appropriate).

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 5.15 IMPAIRMENT (CONT'D)

### (a) Impairment of Financial Assets (Cont'd)

For all other financial instruments, the Group recognises lifetime expected credit losses when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at fair value through other comprehensive income, for which the loss allowance is recognised in other comprehensive income and accumulated in the fair value reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

### (b) Impairment of Non-financial Assets

The carrying values of assets, other than those to which MFRS 136 - Impairment of Assets does not apply, are reviewed at the end of each reporting period for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. When the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount and an impairment loss shall be recognised. The recoverable amount of an asset is the higher of the asset's fair value less costs to sell and its value in use, which is measured by reference to discounted future cash flows using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

An impairment loss is recognised in profit or loss immediately. Any impairment loss recognised in respect of a cash-generating unit is allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit and then to reduce the carrying amounts of the other assets in the cash-generating unit on a pro rata basis.

30 JUNE 2022 (Cont'd)

### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.15 IMPAIRMENT (CONT'D)

#### (b) Impairment of Non-financial Assets (Cont'd)

In respect of assets other than goodwill, and when there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately unless the asset is carried at its revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

#### 5.16 EMPLOYEE BENEFITS

#### (a) Short-term Benefits

Wages, salaries, paid annual leave and bonuses are measured on an undiscounted basis and are recognised in profit or loss in the period in which the associated services are rendered by employees of the Group.

#### (b) Defined Contribution Plans

The Group's contributions to defined contribution plans are recognised in profit or loss in the period to which they relate. Once the contributions have been paid, the Group has no further liability in respect of the defined contribution plans.

### 5.17 INCOME TAXES

### (a) Current Tax

Current tax assets and liabilities are expected amount of income tax recoverable or payable to the taxation authorities.

Current taxes are measured using tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period and are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss (either in other comprehensive income or directly in equity).

#### (b) Deferred Tax

Deferred tax are recognised using the liability method for all temporary differences other than those that arise from goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

30 JUNE 2022 (Cont'd)

#### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.17 INCOME TAXES (CONT'D)

#### (b) Deferred Tax (Cont'd)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. The carrying amounts of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that related tax benefits will be realised.

Current and deferred tax items are recognised in correlation to the underlying transactions either in profit or loss, other comprehensive income or directly in equity. Deferred tax arising from a business combination is adjusted against goodwill or negative goodwill.

Current tax assets and liabilities or deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same taxable entity (or on different tax entities but they intend to settle current tax assets and liabilities on a net basis) and the same taxation authority.

#### 5.18 BORROWING COSTS

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of those assets, until such time as the assets are ready for their intended use or sale. The capitalisation of borrowing costs is suspended during extended periods in which active development is interrupted. The capitalisation rate used to determine the amount of borrowing costs eligible for capitalisation is the weighted average of the borrowing costs applicable to borrowings that are outstanding during the financial year, other than borrowings made specifically for the purpose of financing a specific project-in-progress, in which case the actual borrowing costs incurred on that borrowings less any investment income on temporary investment of that borrowings will be capitalised.

All other borrowing costs are recognised in profit or loss as expenses in the period in which they are incurred.

30 JUNE 2022 (Cont'd)

## 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using a valuation technique. The measurement assumes that the transaction takes place either in the principal market or in the absence of a principal market, in the most advantageous market. For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial reporting purposes, the fair value measurements are analysed into level 1 to level 3 as follows:-

- Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liability that the entity can access at the measurement date;
- Level 2: Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3: Inputs are unobservable inputs for the asset or liability.

The transfer of fair value between levels is determined as of the date of the event or change in circumstances that caused the transfer.

#### 5.20 NON-CURRENT ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Non-current assets (or disposal group comprising assets and liabilities) that are expected to be recovered primarily through sale rather than through continuing use are classified as held for sale. Immediately before classification as held for sale, the non-current assets (or the disposal group) are remeasured in accordance with the Group's accounting policies. Upon classification as held for sale, the non-current assets (or non-current assets of the disposal group) are not depreciated and are measured at the lower of their previous carrying amount and fair value less cost to sell. Any differences are recognised in profit or loss. In addition, equity accounting of equity-accounted associates and joint ventures ceases once classified as held for sale or distribution.

A discontinued operation is a component of the Group's business that represents a separate major line of business or geographical area of operations that has been disposed of or is held for sale, or is a subsidiary acquired exclusively with a view to resale. Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale, if earlier. When an operation is classified as a discontinued operation, the comparative statement of profit or loss and other comprehensive income is restated as if the operation had been discontinued from the start of the comparative period.

30 JUNE 2022 (Cont'd)

#### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.21 CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that an outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements, unless the probability of outflow of economic benefits is remote. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

#### 5.22 OPERATING SEGMENTS

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

#### 5.23 EARNINGS PER ORDINARY SHARE

Basic earnings per ordinary share is calculated by dividing the consolidated profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the reporting period, adjusted for own shares held.

Diluted earnings per ordinary share is determined by adjusting the consolidated profit or loss attributable to ordinary shareholders of the Company and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprise convertible preference shares and share options granted to employees.

#### 5.24 REVENUE FROM CONTRACTS WITH CUSTOMERS

Revenue from contracts with customers is recognised by reference to each distinct performance obligation in the contract with customer. Revenue from contracts with customers is measured at its transaction price, being the amount of consideration which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, net of sales and service tax, returns, rebates and discounts.

The Group recognises revenue when (or as) it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of that asset.

30 JUNE 2022 (Cont'd)

#### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.24 REVENUE FROM CONTRACTS WITH CUSTOMERS (CONT'D)

Depending on the substance of the contract, revenue is recognised when the performance obligation is satisfied, which may be at a point in time or over time. The Group transfers control of a good or service at a point in time unless one of the following overtime criteria is met:-

- The customer simultaneously receives and consumes the benefits provided as the Group performs.
- The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The Group's performance does not create an asset with an alternative use and the Group has an enforceable right to payment for performance completed to date.

#### (a) Construction Services - Shipbuilding

Revenue from construction services is recognised over time in the period in which the services are rendered using the input method, determined based the proportion of construction costs incurred for work performed to date over the estimated total construction costs. Transaction price is computed based on the price specified in the contract and adjusted for any variable consideration such as incentives and penalties. Past experience is used to estimate and provide for the variable consideration, using expected value method and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.

A receivable is recognised when the construction services are rendered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due. If the construction services rendered exceed the payment received, a contract asset is recognised. If the payments exceed the construction services rendered, a contract liability is recognised.

#### (b) Revenue from freight and lighterage services – sea and land transport

Freight services for sea and land transport are recognised over time in the period the freight services are rendered. The customer is able to benefit from the Group's performance as it occurs and the other entity would not need to substantially reperform the Group's performance (e.g. distance travelled) to date. The Group has selected the output measure (days travelled) which can most appropriately depicts the transfer of control of the service to the customer.

#### 5. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 5.24 REVENUE FROM CONTRACTS WITH CUSTOMERS (CONT'D)

#### (c) Revenue from freight forwarding services

These revenues comprise mainly agency commission, custom clearance, import and export documentation, port related services and etc. These services are considered to represent one single performance obligation satisfied at a point in time.

#### (d) Ship repairs, repairs works, metal fabrication and barrage maintenance fee

Revenue from ship repair, repair works, metal fabrication and barrage maintenance fee is recognised over time in the period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided because the customer receives and uses the benefits simultaneously.

#### (e) Sales of goods and services

Revenue from sale of goods and services is recognised at the point in time when control of the assets is transferred to the customers, generally on delivery of the goods and services.

#### 5.25 REVENUE FROM OTHER SOURCES AND OTHER OPERATING INCOME

#### (a) Dividend Income

Dividend income from investment is recognised when the right to receive dividend payment is established.

#### (b) Rental Income

Rental income from investment properties is accounted for on a straight-line method over the lease term.

#### (c) Hire income and vessel charter fee

The Group enters as a lessor into lease agreements that fall within the scope of MFRS 16. Rental income arising from operating leases is accounted for on a straight-line basis over the lease term and is included in revenue in the statement of profit or loss due to its operating nature.

#### Right-of-use assets

The Group has lease contracts for land, buildings, vessels, plant and machineries and motor vehicles used in its operations.

There are several lease contracts that include extension and termination options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Group's business needs. Management exercises significant judgement in determining whether these extensions and termination options are reasonably certain to be exercised.

#### 9. AMOUNTS OWING BY/(TO) SUBSIDIARIES

The amounts owing by/(to) subsidiaries represent non-trade transactions which are unsecured, interest-free and repayable on demand.

Carrying amount of goodwill on business acquisition is related to the acquisition of a shipping agency in prior years. The Group performed its annual impairment test in June 2022 and 2021.

The recoverable amounts of the CGUs have been determined based on value in use calculations using cash flow projections approved by management. The pre-tax discount rate applied to the cash flow projections is 11.45% (2021 - 10%).

Management determined budgeted profit margin based on past performance and its expectations of the market conditions. The pre-tax discount rates used reflected specific risks relating to the shipping industry. The forecasted growth rates were based on management's estimate which did not exceed the long term average growth rate for the industry.

- (a) The term loans are secured by a first party legal charge over the Group's and the Company's property and equipment, and jointly and severally guaranteed by certain Directors of the Company.
- (b) The fair values of long-term loans were measured using present value technique by discounting the expected future cash flows using observable current market interest rates for similar liabilities (i.e. Level 2). The fair values measured were considered to be reasonably close to the carrying amounts reported as the observable current market interest rates also approximated to the effective interest rates of term loans.

#### 25. BANK OVERDRAFTS

Bank overdrafts are secured by charges over leasehold land and buildings of the Group, and joint and several guaranteed by certain Directors of the Company.

#### 26. BANKERS ACCEPTANCE/FLEXI FINANCING TRADE LOAN

Bankers' acceptances are secured by charges over leasehold land and buildings of the Group and guaranteed by certain directors of the Company.

The flexi financing trade loan is secured by joint and several guarantee by certain directors of the Group and a third party, and corporate guarantee provided by the Company.

#### 27. REVOLVING CREDITS

Revolving credits are secured by charges over leasehold land and buildings of the Group and of the Company and guaranteed by certain Directors of the Company.

# 41. OPERATING SEGMENTS

Operating segments are prepared in a manner consistent with the internal reporting provided to the Group Managing Director as its chief operating decision maker in order to allocate resources to segments and to assess their performance. For management purposes, the Group is organised into business units based on their products and services provided.

The Group is organised into 4 main reportable segments as follows:-

- (i) Shipbuilding, ship repair and fabrication of metal structures.
- (ii) Domestic and regional shipping segment which carries out shipping business in coastal and regional routes within Malaysia and ASEAN region.
- (iii) International shipping segment which carries out international routes to Japan, Korea, China, Philippines and ASEAN region.
- (iv) Land transportation and hiring services.
- (v) Others consist of the business of shipping agency and operations and maintenance of barrage.

Except as indicated above, no operating segments have been aggregated to form the above reportable operating segments.

- (a) The Group Managing Director assesses the performance of the reportable segments based on their profit before interest expense and taxation. The accounting policies of the reportable segments are the same as the Group's accounting policies.
- (b) Each reportable segment assets (including goodwill) is measured based on all assets of the segment other than investment in an associate and tax-related assets.
- (c) Segment liabilities information is not regularly provided to the Group Managing Directors. Hence, no disclosure is made on segment liabilities
- (d) Assets and expenses which are common and cannot be meaningfully allocated to the reportable segments are presented under unallocated items. Unallocated items comprise mainly corporate assets (primarily the Company's headquarters) and head office expenses.
- (e) Transactions between reportable segments are carried out on agreed terms between both parties. The effects of such inter-segment transactions are eliminated on consolidation.

# 44. FINANCIAL INSTRUMENTS

The Group's activities are exposed to a variety of market risk (including foreign currency risk and interest rate risk), credit risk and liquidity risk. The Group's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

# 44.1 FINANCIAL RISK MANAGEMENT POLICIES

Financial risk management policies are periodically reviewed and approved by the Board of Directors and executed by the management. The audit committee of Shin Yang Shipping Corporation Berhad provides independent oversight to the effectiveness of the risk management process.

# 44.1 FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

The Group's policies in respect of the major areas of treasury activity are as follows:-

### (a) Market Risk

(i) Foreign currency risk

The Group is exposed to foreign currency risk on transactions and balances that are denominated in currencies other than the respective functional currencies of entities within the Group. The currencies giving rise to this risk are primarily United States Dollar ("USD"), United Arab Emirates Dirham (AED), Renminbi Yuan (RMB), Japanese Yen (JPY), Brunei Dollar (BND) and Singapore Dollar ("SGD"). Foreign currency risk is monitored closely on an ongoing basis to ensure that the net exposure is at an acceptable level. On occasion, the Group enters into forward foreign currency contracts to hedge against its foreign currency risk. The Group also holds cash and cash equivalents denominated in foreign currencies for working capital purposes.

### Foreign Currency Risk Sensitivity Analysis

The following table details the sensitivity analysis to a reasonably possible change in the foreign currencies at the end of the reporting period, with all other variables held constant:-

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises mainly from long-term borrowings with variable rates. The Group's policy is to obtain the most favourable interest rates available and by maintaining a balanced portfolio mix of fixed and floating rate borrowings.

The Group's fixed rate receivables and borrowings are carried at amortised cost. Therefore, they are not subject to interest rate risk as in defined MFRS 7 since neither carrying amounts nor the future cash flows will fluctuate because of a change in market interest rates.

The Group's exposure to interest rate risk based on the carrying amounts of the financial instruments at the end of the reporting period is disclosed in Note 23 to the financial statements.

### (b) Credit Risk

The Group's exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and other receivables. The Group manages its exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis. For other financial assets (including cash and bank balances), the Group minimises credit risk by dealing exclusively with high credit rating counterparties.

The Company's exposure to credit risk arises principally from loans and advances to subsidiaries, and corporate guarantee given to financial institutions for credit facilities granted to certain subsidiaries. The Company monitors the results of these subsidiaries regularly and repayments made by the subsidiaries.

### (b) Credit Risk (Cont'd)

(i) Credit Risk Concentration profile

The Group determines concentration of credit risk by monitoring the trade and other receivables on an ongoing basis.

(ii) Exposure to Credit Risk

At the end of the reporting period, the maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position of the Group and of the Company after deducting any allowance for impairment losses (where applicable).

In addition, the Company's maximum exposure to credit risk also includes corporate guarantees provided to its subsidiaries as disclosed under the 'Maturity Analysis' of item (c) below, representing the outstanding banking facilities of the subsidiaries as at the end of the reporting period.

(iii) Assessment of Impairment Losses

At each reporting date, the Group assesses whether any of the financial assets at amortised cost, contract assets are credit impaired.

The gross carrying amounts of financial assets are written off when there is no reasonable expectation of recovery (i.e. the debtor does not have assets or sources of income to generate sufficient cash flows to repay the debt) despite the fact that they are still subject to enforcement activities.

Trade Receivables and Contract Assets

The Group applies the simplified approach to measure expected credit losses using a lifetime expected credit loss allowance for all trade receivables and contract assets.

To measure the expected credit losses, trade receivables including related parties and contract assets have been grouped based on shared credit risk characteristics and the days past due. The contract assets relate to unbilled work in progress and have substantially the same risk characteristics as the trade receivables for the same types of contracts. Therefore, the Group concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

(iii) Assessment of Impairment Losses (Cont'd)

For certain large customers or customers with a high risk of default, the Group assesses the risk of loss of each customer individually based on their financial information, past trends of payments and external credit rating, where applicable.

The information about the exposure to credit risk and the loss allowances calculated under MFRS 9 for both trade receivables and contract assets are summarised below:-

Other Receivables and Related Parties

The Group considers a receivable is credit impaired when the receivable is in significant financial difficulty, for instances, the receivable is in breach of financial covenants or insolvent. Receivables that are credit impaired are assessed individually while other receivables are assessed on a collective basis.

### Fixed and Treasury Deposits with Licensed Banks, Cash and Bank Balances

The Group considers these banks and financial institutions have low credit risks. In addition, some of the bank balances are insured by Government agencies. Therefore, the Group is of the view that the loss allowance is immaterial and hence, it is not provided for.

### Financial Guarantee Contracts

All of the financial guarantee contracts are considered to be performing, have low risks of default and historically there were no instances where these financial guarantee contracts were called upon by the parties of which the financial guarantee contracts were issued to. Accordingly, no loss allowances were identified based on 12-month expected credit losses.

### (c) Liquidity Risk

Liquidity risk arises mainly from general funding and business activities. The Group practises prudent risk management by maintaining sufficient cash balances and the availability of funding through certain committed credit facilities.

### Maturity Analysis

The following table sets out the maturity profile of the financial liabilities at the end of the reporting period based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on the rates at the end of the reporting period):-

### 44.2 CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities within the Group will be able to maintain an optimal capital structure so as to support its businesses and maximise shareholder(s) value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

Management monitors capital based on the Group's and the Company's gearing ratio. The Group's and the Company's strategies are to maintain gearing ratio of not exceeding 100%.

The gearing ratio is calculated as net debt divided by equity capital plus net debt. Net debt is calculated as total borrowings less cash and bank balances. Capital is equivalent to capital and reserves attributable to owners of the Company.

### 7. Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a (Resolution 10) Revenue or Trading Nature and Proposed New Shareholders' Mandate for New Recurrent Related Party Transactions of a Revenue or Trading Nature ("Proposed RRPT Mandate")

"THAT subject always to the Companies Act 2016 ("Act"), the Constitution of the Company, the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"), other applicable laws, guidelines, rules and regulations, and the approval of the relevant governmental/regulator authorities (where applicable), approval be and is hereby given to the Company and/or its subsidiary companies ("Group") to enter into recurrent related party transactions of a revenue or trading nature with those related parties as stated in Section 2.2 of the Circular to Shareholders dated 31 October 2022 ("Circular"), which are necessary for the day-to-day operations of the Group ("RRPT") subject further to the following:

- a. That the RRPT are in the ordinary course of business and are made on an arm's length basis and on normal commercial terms which are not more favourable to the related parties than those available to the public and not to the detriment of the minority shareholders;
- b. That disclosure will be made in the annual report of the Company of the breakdown of the aggregate value of transactions conducted pursuant to the Proposed RRPT Mandate during the financial year based on information such as the types of the RRPT made and names of the related parties involved in each type of the RRPT made and their relationship with the Company; and

(Cont'd)

- c. That such approval shall continue to be in force until:
  - o the conclusion of the next Annual General Meeting ("**AGM**") of the Company, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
  - o the expiration of the period within which the next AGM of the Company after the date it is required to be held pursuant to Section 340 (2) of the Act but shall not extend to such extension as may be allowed pursuant to Section 340 (4) of the Act; or

o revoked or varied by resolution passed by the shareholders in a general meeting, whichever is the earlier;

**AND THAT** the Directors of the Company be hereby authorised to complete and do all such acts and things as they may consider expedient or necessary to give effect to the Proposed RRPT Mandate.

**AND THAT** the estimated value given on the RRPT as outlined in Section 2.2 of the Circular being provisional in nature, the Directors of the Company be hereby authorised to agree to the actual amount or amounts thereof provided always that such amount or amounts comply with the review methods or procedures outlined in Section 2.5 of the Circular."

### 8. Proposed Renewal of Authority On Shares Buy-Back.

"THAT subject to the Company's compliance with all the applicable rules, regulations, orders and guidelines made pursuant to the Companies Act, 2016 ("the Act'), the Company's Constitution and Bursa Malaysia Securities Berhad's ("Bursa Securities") Main Market Listing Requirements ("Listing Requirements"), the Directors of the Company be and are hereby authorized to purchase shares at any time such amount of ordinary shares in the Company as may be determined by the Directors of the Company from time to time through Bursa Securities upon such terms and conditions as the Directors in their absolute discretion deem and expedient in the interest of the Company provided that:

- a. the aggregate number of ordinary shares which may be purchased and retained by the Company at any point of time pursuant to this resolution shall not exceed seven point two five per centum (7.25%) of the total issued and paid up share capital of the Company;
- b. the amount of funds to be allocated by the Company pursuant to this resolution not exceed the retained earnings and/or share premium of the Company as at 30 June 2022; and
- c. the shares so purchased by the Company pursuant to this resolution may at the discretion of the Directors be:
  - o retained as treasury shares; and/or cancelled; and/or
  - o resold on the market of Bursa Securities in accordance to the Listing Requirements; and/or
  - o distributed as dividends to the shareholders; and/or
  - dealt in any other manners prescribed by the applicable rules, regulations and orders made pursuant to the Act, the Listing Requirements and any other relevant authority for the time being in force;

**AND THAT** such authority conferred by the shareholders of the Company upon passing of the resolution will continue to be in force until the conclusion of the next Annual General Meeting of the Company, unless by a resolution passed at that meeting, the authority is renewed; or the expiration of the period within which the next Annual General Meeting is required to be held pursuant to Section 340(2) of the Act but must not extended to such extensions as may be allowed pursuant to Section 340(4) of the Act; or until the authority is revoked or varied by a resolution passed by the shareholders in a general meeting, whichever occurs first;

**AND THAT** the Directors of the Company be hereby authorised to complete and do all such acts and things as they may consider expedient or necessary to give effect to the resolution.

9. To transact any other business for which due notice shall have been given in accordance with the Company's Constitution and the Companies Act 2016.

(Resolution 11)

### **Explanatory Notes:**

### 1. Item 1 of the Agenda

This Agenda is meant for discussion only as the provision of Section 340(1)(a) of the Companies Act, 2016 does not require a formal approval of Shareholders of the Company and hence, is not put forward for voting.

### 2. Ordinary Resolutions 3 to 8 - Re-election of Directors

Pursuant to Clause 90 of the Company's Constitution, one third (1/3) of the Directors shall retire from office at least once in every three (3) years at each AGM of the Company and the retiring Directors can offer themselves for reelection. The Constitution also provide that a Director who is appointed during the year shall be subject to re-election at the next AGM to be held following his appointment pursuant to Clause 97 of the Company's Constitution.

Accordingly, Mr. Ling Chiong Pin, Mr. Ling Chiong Sing and Mdm. Ling Siu Chuo shall retire by rotation at this 17th AGM pursuant to Clause 90 of the Company's Constitution while Datuk Ling Lu Kiong, Mr. Jack Willien @ William Anak Jinep and Mdm Yong Nyet Yun who were appointed on 8 April 2022, 14 April 2022 and 31 May 2022 respectively, shall retire at this 17th AGM pursuant to Clause 97 of the Company's Constitution. Mr. Ling Chiong Pin, Mr. Ling Chiong Sing, Mdm. Ling Siu Chuo, Datuk Ling Lu Kiong, Mr. Jack Willien @ William Anak Jinep and Mdm. Yong Nyet Yun being eligible, have offered themselves for re-election.

### 3. Ordinary Resolution 10 – Proposed Renewal of Shareholders' Mandate on Recurrent Related Party Transactions and Proposed New Shareholders' Mandate on New Recurrent Related Party Transactions

The proposed Ordinary Resolution 10, if passed, will authorize the Company and its subsidiaries to enter into recurrent related party transactions of a revenue or trading nature. This authority, unless revoked or varied by the Company at the general meeting, will expire at the conclusion of the next AGM of the Company. *Please refer to the Circular to Shareholders dated 31 October 2022 for further information.* 

### 4. Ordinary Resolution 11 – Proposed Renewal of Authority on Share Buy-Back

The proposed Ordinary Resolution 11, if passed, will empower the Company to purchase the Company's shares up to seven point two five per centum (7.25%) of the issued and paid up share capital of the Company. This authority, unless revoked or varied by the Company at the general meeting, will expire at the conclusion of the next AGM of the Company.

Please refer to the Statement on Shares Buy-Back dated 31 October 2022 for further information.
